

## Schedule II Drug Administration in Emergency

### Va. Code Ann. 54.1-3307.3(A)(2)

When an emergency declaration is in effect, a pharmacist can, in good faith, dispense Schedule II drugs on the basis of an oral prescription rather than a properly executed written prescription.

---

### When pharmacist may sell and dispense drugs

A. A pharmacist, acting in good faith, may sell and dispense drugs and devices to any person pursuant to a prescription of a prescriber as follows:

.....

2. In emergency situations, Schedule II drugs may be dispensed pursuant to an oral prescription in accordance with the Board's regulations;
